ANZFSS 2027

Hobart, Tasmania
29 August – 2 September 2027

In Hobart, you can see world-renowned art, eat freshly caught seafood and climb a mountain all in one day.

The Tasmanian capital of Hobart is a dynamic city that surpasses expectations at every turn. Australia's southernmost capital is brimming with history and bursting with creativity (hello MONA). It boasts an incredible food and wine scene with local produce making the short journey from farm to table and is fringed by scenic wilderness.

It sits at the southern end of the island, on the edge of the River Derwent. It is a port town that dates back to early explorers and convicts sent here for stealing rams. It's the second deepest port in the world but also offers a myriad of waterways that please the sailor who has navigated a globe of oceans. Calm rivers, spinnakers of energetic colour across the Derwent and secret coves. It's also home to the finish line of one of the world's greatest blue water ocean races, The Rolex Sydney to Hobart.

ABOUT THE DESTINATION **NIPALUNA HOBART,** **LUTRAWITA TASMANIA**

ABOUT THE VENUE - **THE HOTEL GRAND** **CHANCELLOR**

Experience exceptional comfort and service while being perfectly positioned directly on Hobart's waterfront. Hotel Grand Chancellor offers breathtaking views of the Hobart Harbour, city surrounds and Kunanyi Mount Wellington.

The central location means you are only a short walk from the city and all major attractions such as Salamanca, Battery Point, the shopping precinct and the MONA Ferry.

Step into a world where reason wrestles with imagination, and beauty collides with madness.

Art vs Science: Dissecting Beauty, Engineering Chaos

invites you to a night of contrasts, where shadows breathe life into brilliance and precision bleeds into provocation.

In this gothic playground of light and dark, we'll unravel the tension between the visceral and the rational, the sublime and the analytical.

Expect the unexpected: surreal performances, unsettling elegance, and the strange alchemy that emerges when order is dismantled and rebuilt.

Dress to disturb, astonish, or dissect. Will you embody the raw pulse of art, the exacting eye of science, or something that lurks in the fault line between them?

This is more than a party, it's an experiment. And you are part of the design.
